A full-page portrait of Rosie Robinson against a solid pink background. She is wearing a white tank bodysuit with a large, vibrant pink lip print across the chest. The print includes a black line for the mouth and a white heart shape on the lower lip. She has short, styled blonde hair and is looking directly at the camera with a slight smile, her right hand near her chin. She is wearing a ring on her right ring finger and several rings on her left hand.

ROSIE ROBINSON

*One of the fittest people
on the planet... literally!*

Hey Rosie! Welcome to Elite, tell how long have you been modelling? Hey! About 8 years now but started to take it seriously about 4 years ago.

What was it like to work with Jack on this shoot? Always a pleasure working with Jack. He's such an easy, laid back, lovely guy to work with. Lots more photoshoots planned for the future :)

Photographer: Jack Russell
Words: Richard Saunders

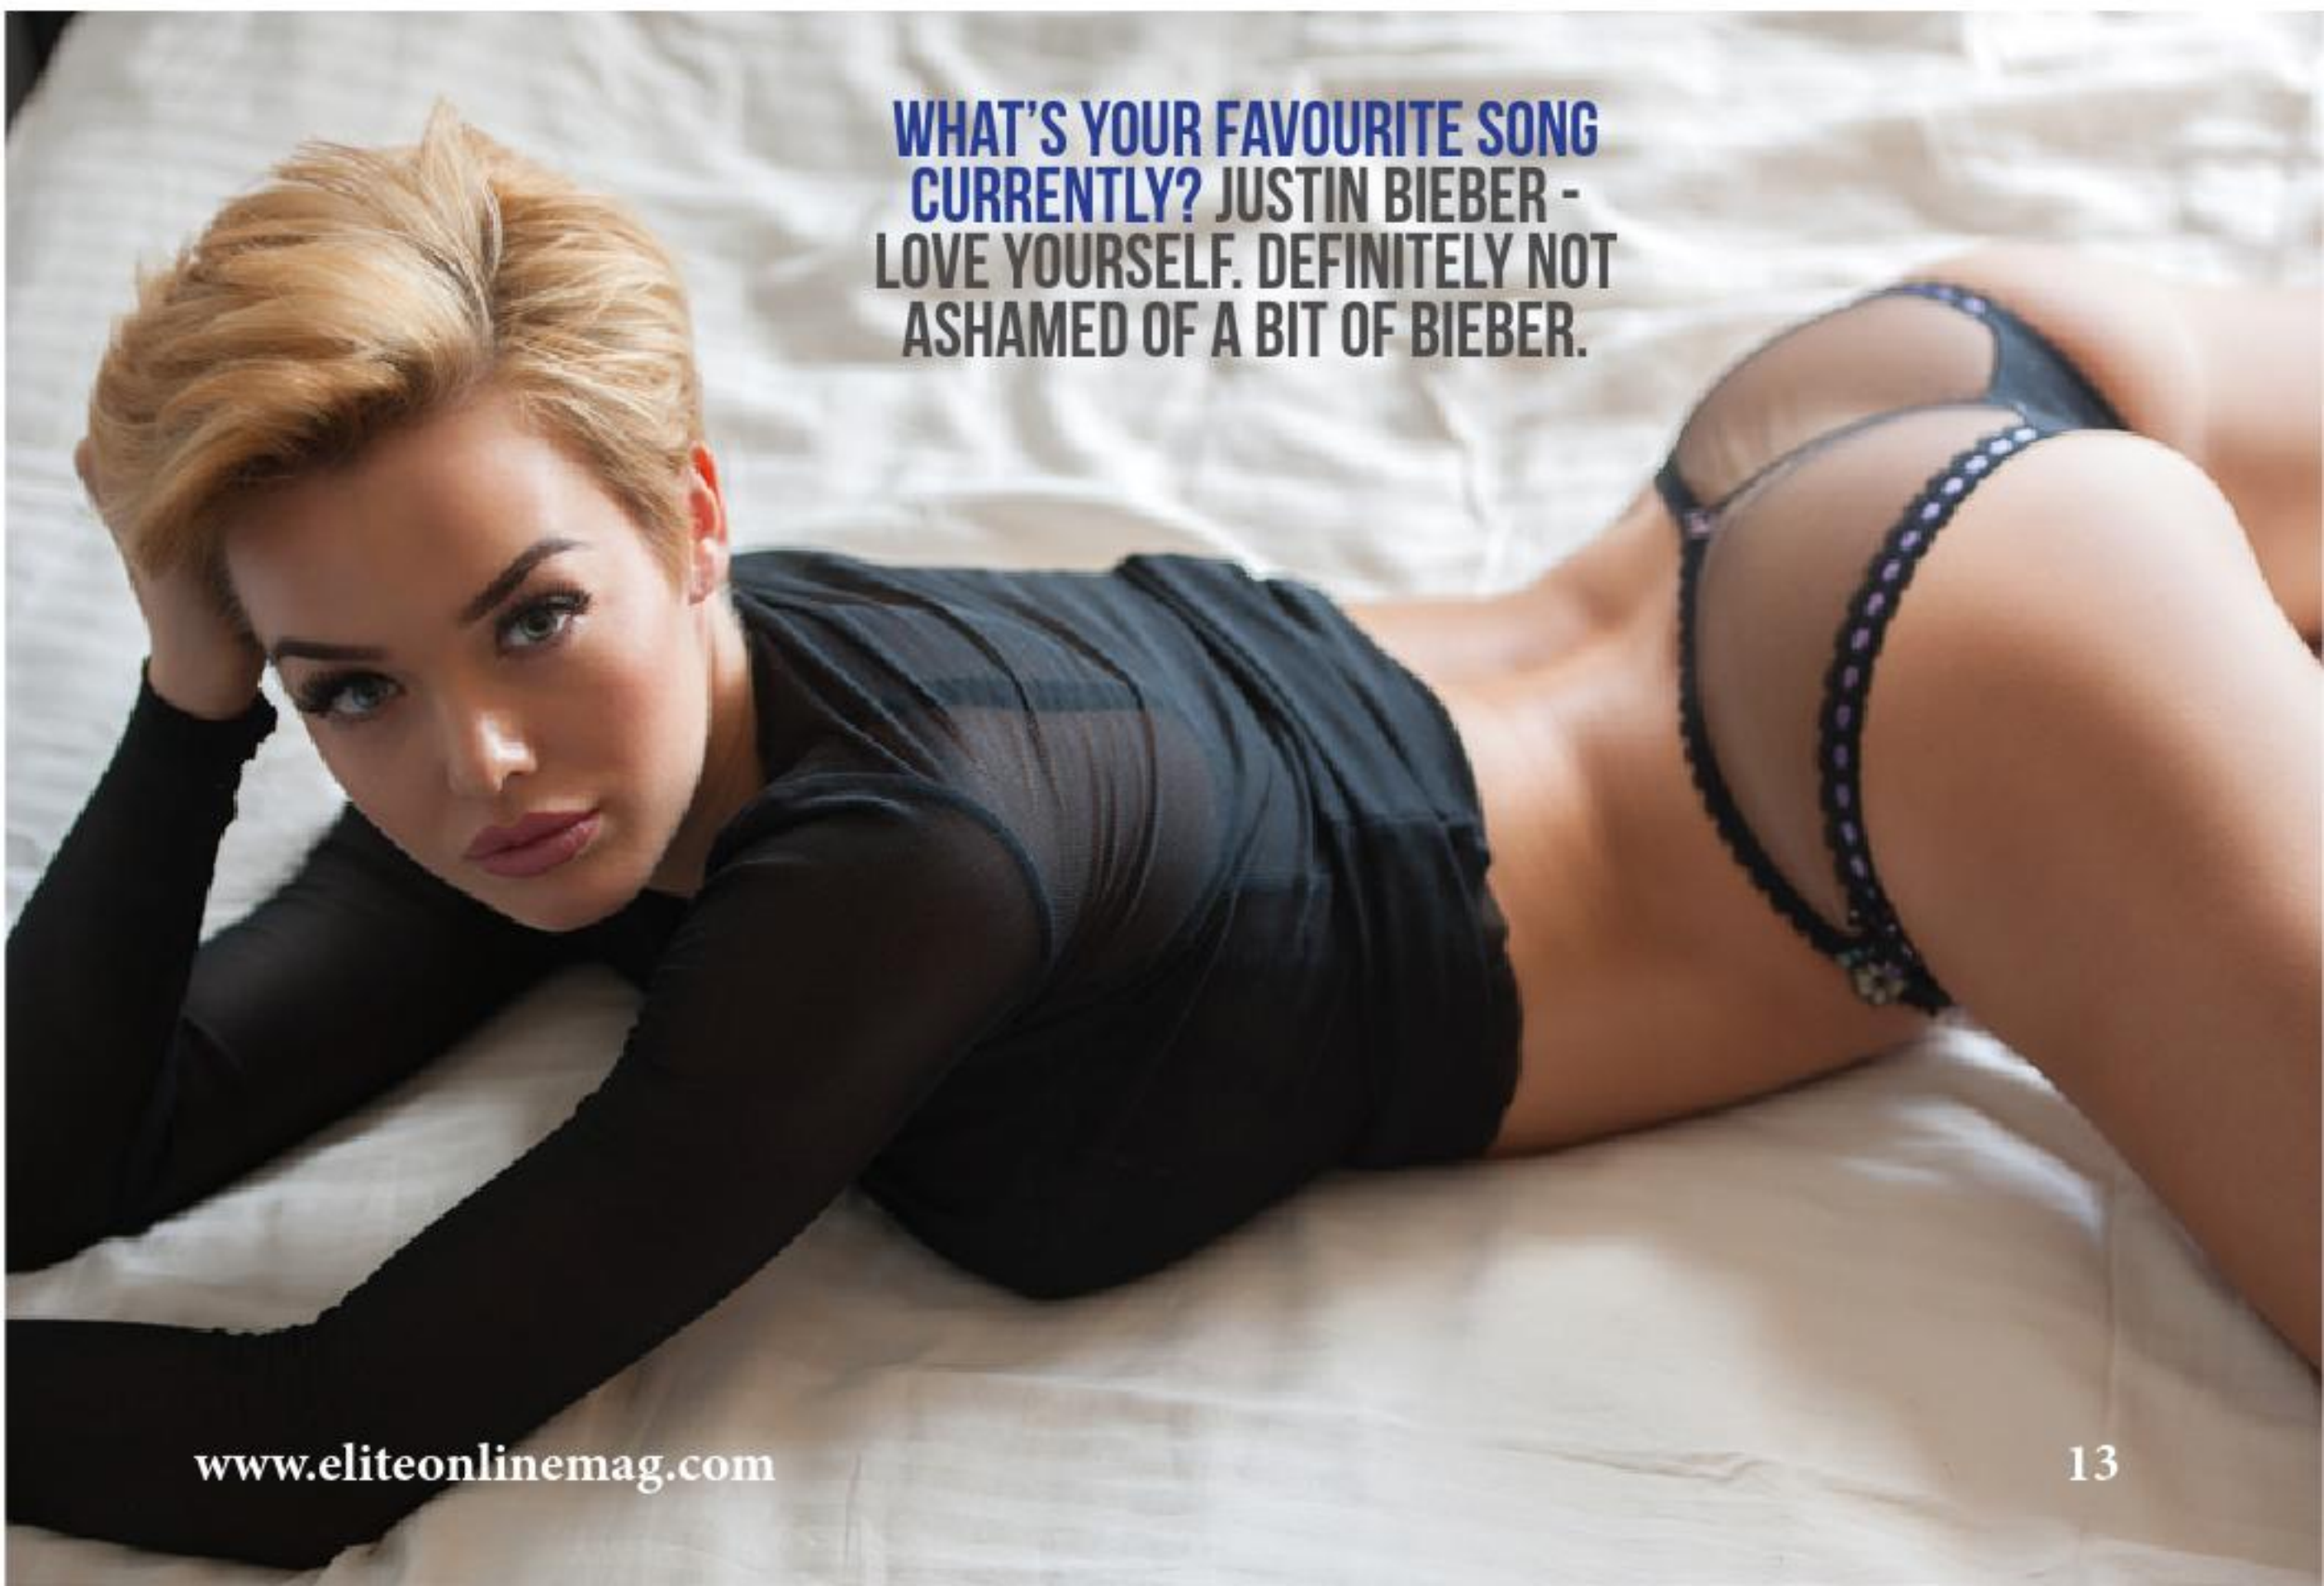

Jon R

PHOTOGRAPHER: JACK RUSSELL

**WHAT'S YOUR FAVOURITE SONG
CURRENTLY? JUSTIN BIEBER -
LOVE YOURSELF. DEFINITELY NOT
ASHAMED OF A BIT OF BIEBER.**

What was your favourite part of the shoot? I enjoyed it from start to finish, I always do. We get the music blasting and just have fun shooting. Always like to have a good sing and dance in my undies!

What's your favourite part of your body and why? I've never been asked this before it's a tough one haha! Probably my bum because I've worked so hard to actually get one! I don't naturally have a big bum unfortunately so lots of squats have been needed over the years.

If you could model for any brand, product or company, which would it be and why? First one would be for Nike, I adore their clothing but also love the work they do with athletes and their huge involvement in the sporting world. A lot of my training clothes are from Nike.

I would also loveeee to model for Agent Provocateur as they are my favourite underwear line. So many beautiful, classy lingerie sets. What girl doesn't love AP?! I would live in my undies if I could.

Photographer: Jack Russell

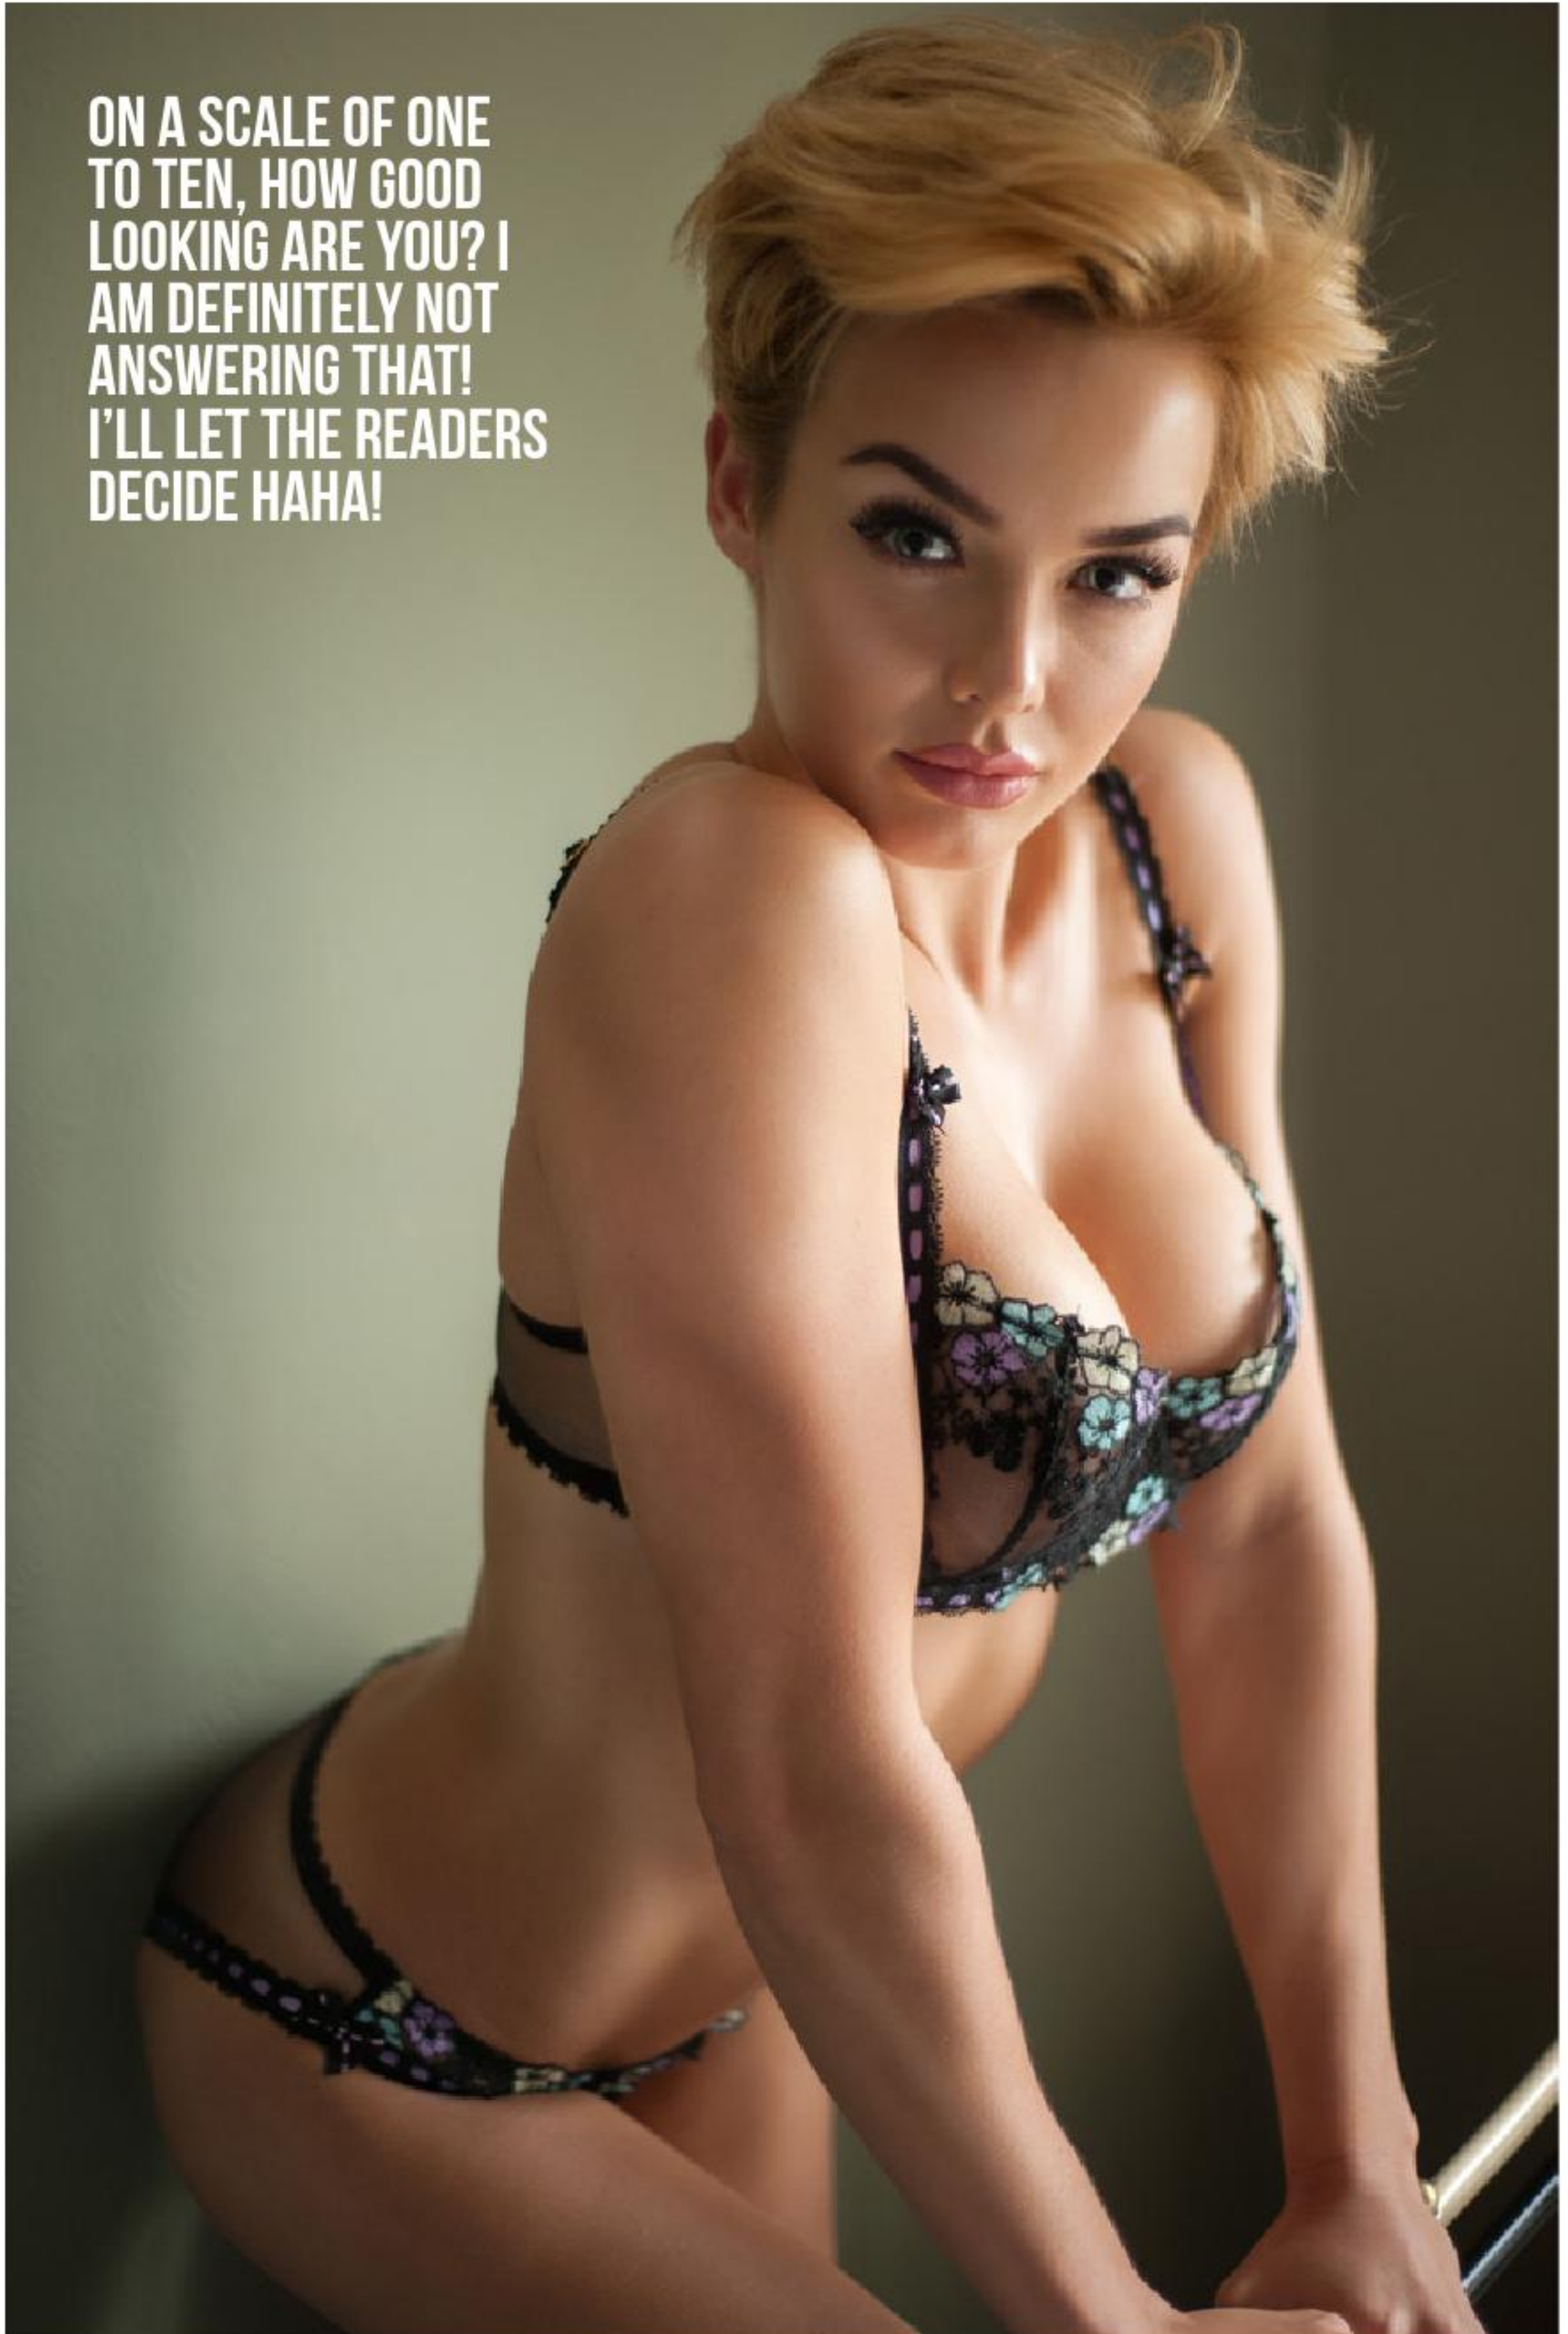

What would you like Elite readers to take away from your pictures in our illustrious mag? The understanding that I have worked really hard to get into this shape. I am naturally very petite and it is only through dedication to my training and diet that I have managed to build muscle and shape. If I can do it, anyone can!

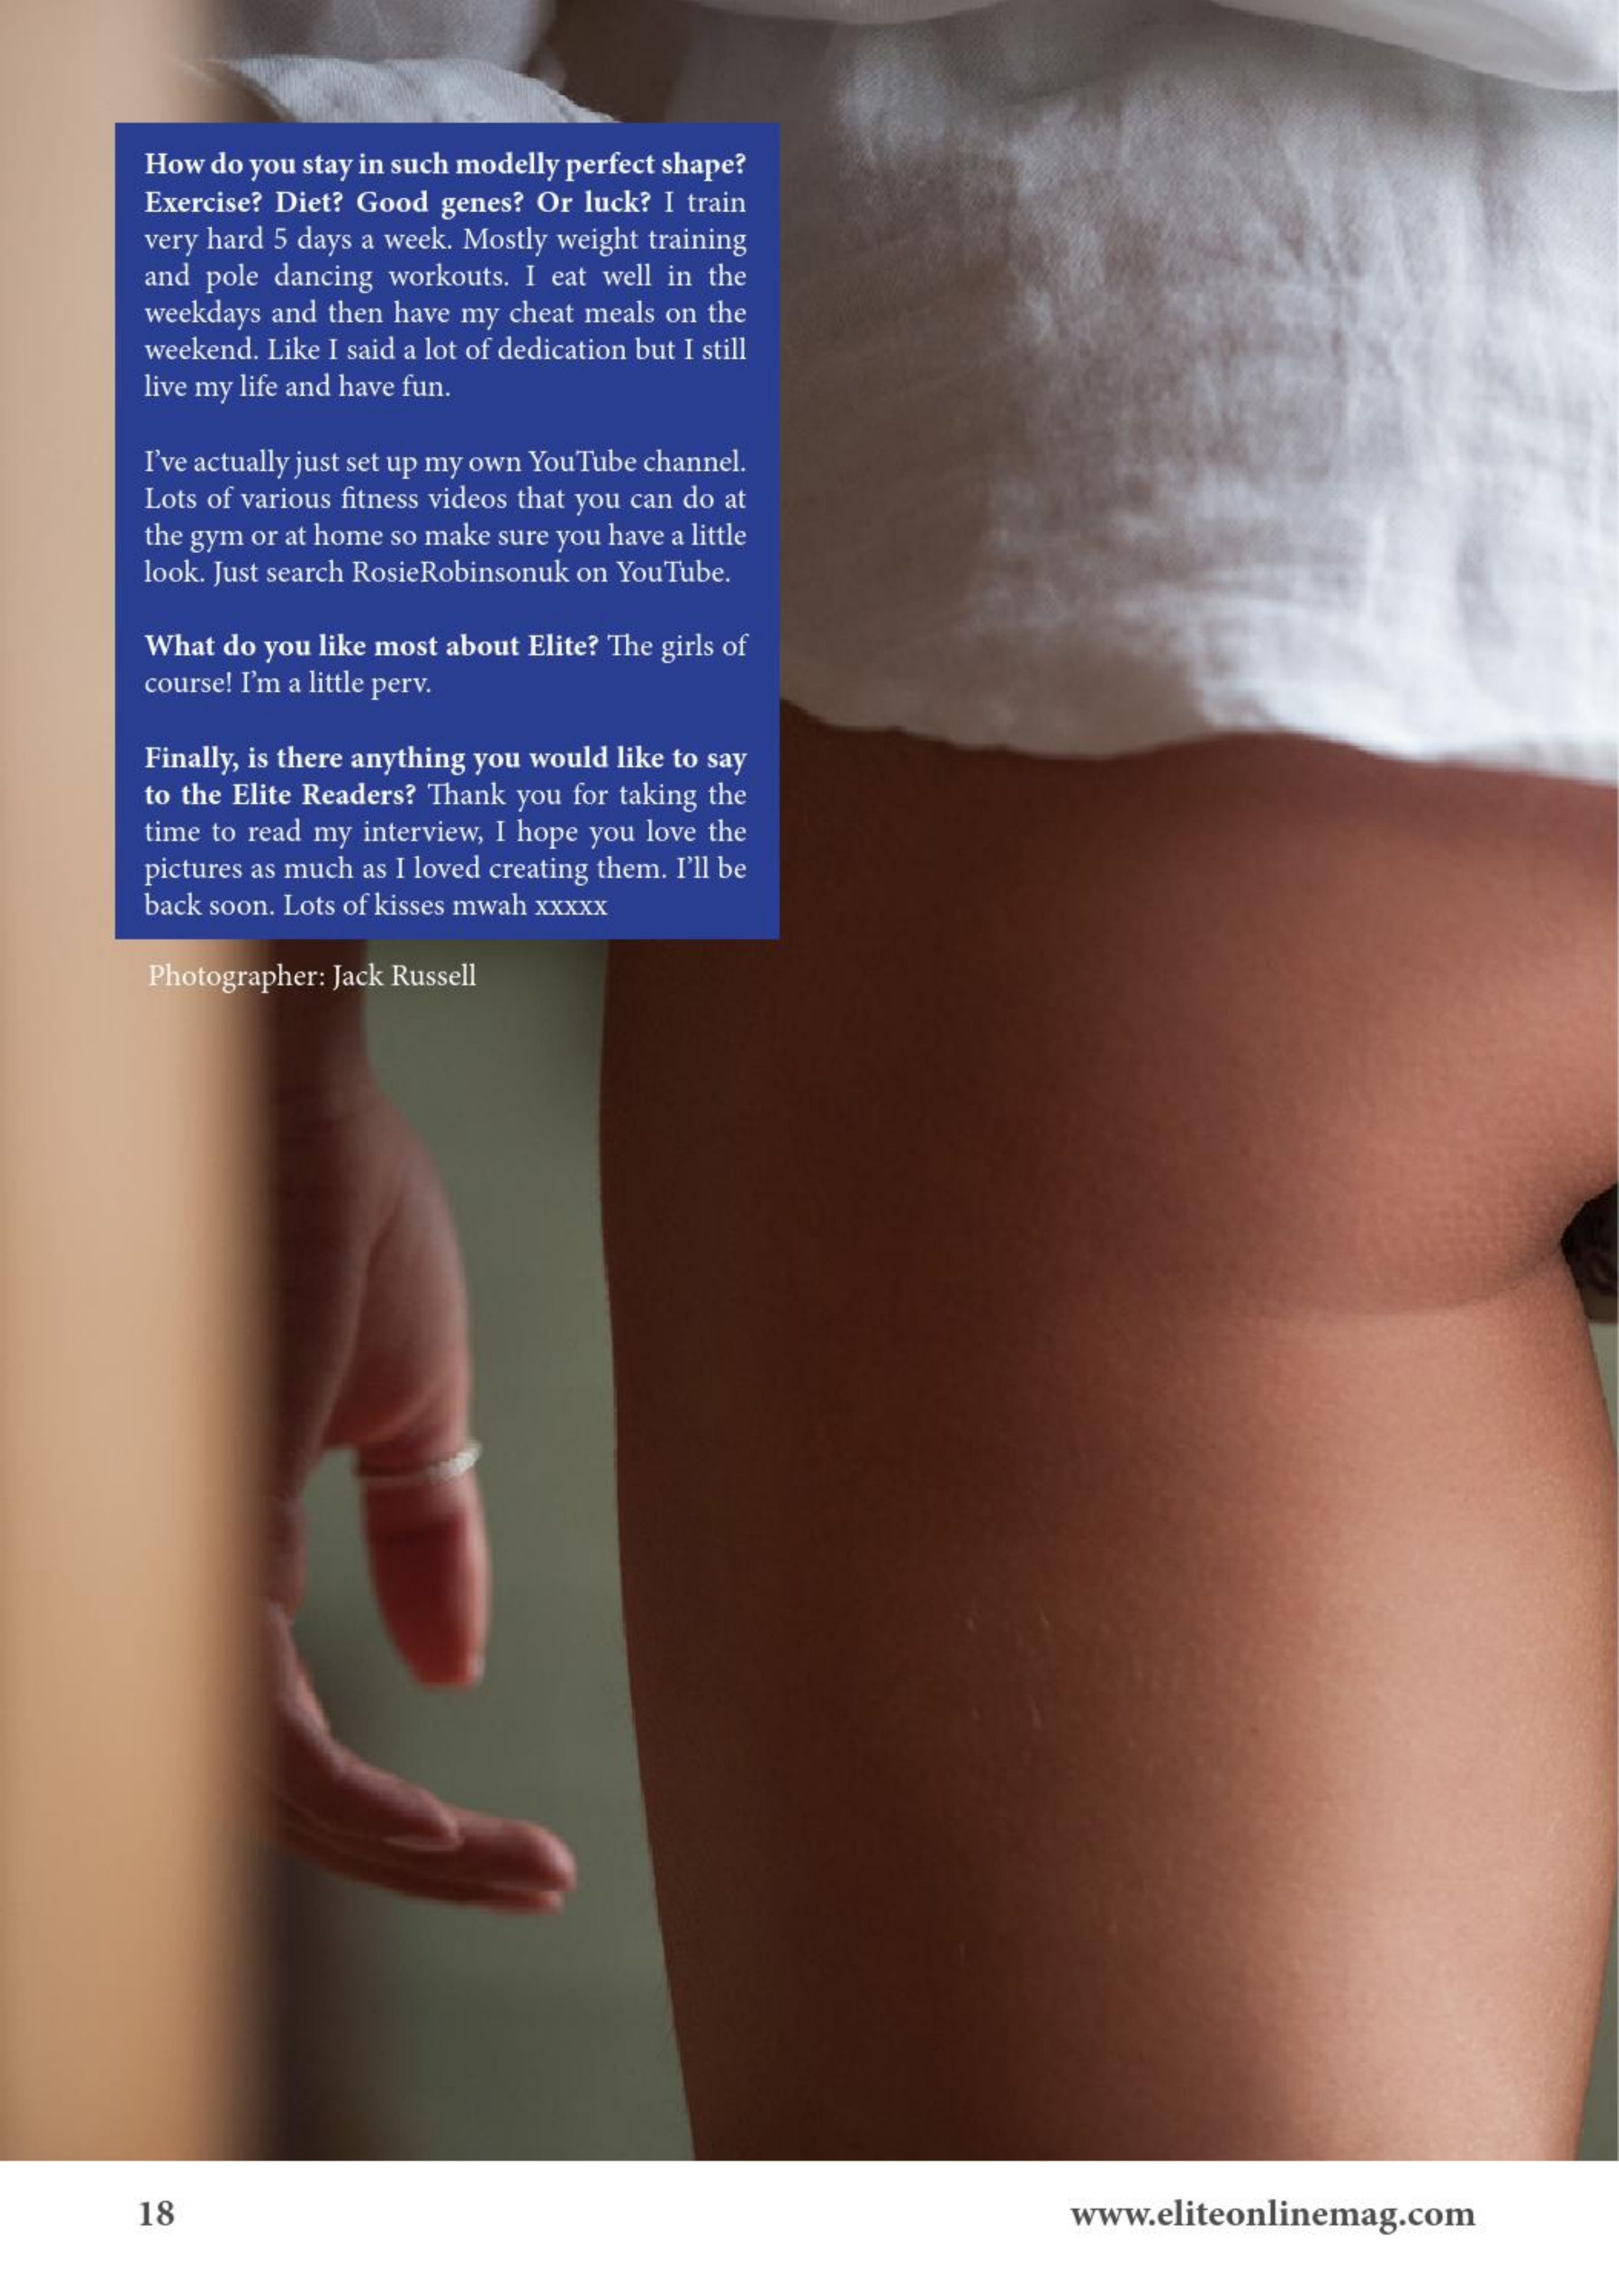

Describe your perfect photoshoot: Beautiful location maybe in Cuba or Australia just being a beach bum in some cute bikini's, playing around in the sand and sea. Very laid back and chilled.

Jack R

ON A SCALE OF ONE
TO TEN, HOW GOOD
LOOKING ARE YOU? I
AM DEFINITELY NOT
ANSWERING THAT!
I'LL LET THE READERS
DECIDE HAHA!

How do you stay in such modelly perfect shape? Exercise? Diet? Good genes? Or luck? I train very hard 5 days a week. Mostly weight training and pole dancing workouts. I eat well in the weekdays and then have my cheat meals on the weekend. Like I said a lot of dedication but I still live my life and have fun.

I've actually just set up my own YouTube channel. Lots of various fitness videos that you can do at the gym or at home so make sure you have a little look. Just search RosieRobinsonuk on YouTube.

What do you like most about Elite? The girls of course! I'm a little perv.

Finally, is there anything you would like to say to the Elite Readers? Thank you for taking the time to read my interview, I hope you love the pictures as much as I loved creating them. I'll be back soon. Lots of kisses mwah xxxxx

Gabriella Prigo

Hey Gabriella! Welcome to Elite, tell us a bit about yourself: Hello dear gorgeous Elite people! My name is Gabriella Grigo. I did a bit of modelling here and then before. But I truly started enjoying it just recently. It's all down to a good photographer.

What was it like to work with Glenn on this shoot? Glenn Wallace is an incredibly talented photographer, so it was such a good fun and honour to shoot with him. Glenn can see a woman in a completely different light, and he brings out the best of her.

What was your favourite part of the shoot? It is definately a different experience to shoot with him. In a dirtiest abandoned place, climbing up the metal stairs, through the dust and cobwebs, trying to catch that little ray of sun shining through the gap, getting sprayed with water in a cold, just to get that perfect photo.

Photographer: Creative Instincts

On a scale of one to ten, how good looking are you? Oh that's a good question! It all depends if I am happy or not, if I had a glass of wine or two haha. Glenn always makes me feel 10 out of 10, his work is a real confidence booster.

If you could model for any brand, product or company, which would it be and why? If I only could ever model for anything, that would have to be Calvin Klein, for their sexy and classy images, Diesel because I love jeans, and would so love to model for Gucci fragrance, just because they do the most stunning visuals.

What's your favourite song currently? At the moment I keep one song on repeat in my car and sing along really loud, it "Never Forget You" by MNEK

What would you like Elite readers to take away from your pictures in our illustrious mag? I hope readers take good energy from my pictures, maybe some inspiration for the day, smile on their faces, and hopefully that will brighten up your day even if it's cold and rainy outside.

What's a guaranteed turn on for you? Out of anything, the biggest turn on to me is my music, my biggest inspiration and motivation, wine is another one for a good laugh... and confidence in a man.

Describe your perfect photoshoot: My perfect photoshoot would be luxurious, elegant and sexy, with silk, gold dust, champagne. and a good photographer, of course, who would be throwing diamonds at me, haha ;)

What's your favourite part of your body and why?
Definitely my eyes, they have to tell the story and capture emotion. I like my legs too, especially in high heels ;). Always in heels, they make me feel sexier.

How do you stay in such modelly perfect shape? Exercise? Diet? Good genes? Or luck? I have to thank my mom and dad for my shape, I do not diet, I love my chocolate and sweets, however , I do train and try to keep it toned. It makes me feel good about myself.

Finally, is there anything you would like to say to the Elite Readers? I want to wish all Elite readers to smile and be positive, grab a coffee or a glass of wine, put on your favourite tune and enjoy your day ;) Thank you, Gabriella.

Is Hotter Than Ever

Hey Dolly! Welcome back again to Elite, tell us what you've been up to recently:

Well, I've just landed back in Australia from a month in Bali. It was incredible. I'm planning my next adventure as we speak.

We'll start with the burning existential question... What bra size are you?

34D my puppies suddenly grew!

What was it like to work with Tripodski on this shoot?

When I was back in England for such a short time I shot with the wonderful tripodski all day long. So much magic happened that day.

What's your favourite part of your body and why?

I'm lucky to have been brought up to life myself and the skin I am in. I like my boobies because they're super fun. But I love my legs because I wear some of the most beautiful art.

What's your favourite item of clothing?

Thigh high socks.

What does it mean to you to join the Elite family?

I've been lucky enough to be part of the Elite family for quite a long time. And I love every single part of it.

How did you come to become a model?

I was originally a fashion model at 14 and decided to follow my own rules and expectations and it just took off from there.

Elite have HYPOTHETICALLY agreed to buy you some new underwear, where would you send us to get it?

Honey birdette.

Yes or no, have you ever seen the film "The Empire Strikes Back"?

Yes.

If your love life was an animal, which would it be?

A Phoenix.

What's a guaranteed turn on for you?

Good conversation. Generosity, kindness and genuine care for people and the world around us. I also dig people with cute smiles.

**MALICE FEVOR
BRALETTE £38.00**

**WHAT WAS YOUR
FAVOURITE PART OF
THE SHOOT? ALL OF
IT. JUST ALL OF IT.**

**NIKKI LIPSTIC CROP &
SKIRT FROM £50.00**

What's the weirdest location/prop you've had on a shoot? Probably when I had nothing but baby oil and the ocean.

How do you stay in such modelly perfect shape? Exercise? Diet? Good genes? Or luck? I walk everywhere. I'm also very lucky and I'm just aware if I have a bad week munching rubbish I've got to do more active stuff and eat a salad.

What do you like most about Elite? The hot girls, obviously.

Finally, is there anything you would like to say to the Elite Readers? Thanks for checking in. Remember to keep up to date with my Instagram! Kiss!

LISHA BLACKHURST

Photographer: James Beddoes

Hey Lisha! Welcome back again to Elite, we'll start with the burning existential question... What bra size are you? Ha! I made a joke about this not far back because when you have bigger boobs like I do, that questions isn't actually particularly straightforward, or sexy! It gets quite complicated depending on which store you shop in, so I'm just going to abandon that and say what you want to hear, 34DD! ;)

What was it like to work with James on this shoot? Amazing as always! This was only the second time we'd shot, but because we shoot so much at once, it feels like I've known him forever! He must be sick to death of the sight of me by now!

What was your favourite part of the shoot? My favourite part of any shoot is seeing the end result when I get the final images back! That's what it's all about for me!

What's your favourite part of your body and why? Starting to love my eyebrows these days, they've come a long way since the 90s ;) haha.

What's your favourite item of clothing? I loved the Shhh Couture latex piece from this shoot, it was so so gorgeous, I didn't want to take it off!

Elite have HYPOTHETICALLY agreed to buy you some new underwear, where would you send us to get it? Depends on my mood, if I was feeling naughty and say head to my buddies Creep Street, but if I was feeling sultry and sexy it would be Agent Provocateur all the way!

Yes or no, have you ever seen the film “The Empire Strikes Back”? Don't hate me, I'm not a Sci Fi nerd. I'm horror all the way, and I know the two usually go hand in hand, but not for me! There were a bunch of lads the other day dressed as Stormtroopers and I had to ask what they were called... that's assuming that there are even Stormtroopers in The Empire Strikes Back... oh god, I'm going to get hell for this aren't I!

What's the weirdest location/prop you've had on a shoot? Well, when I came to shoot with you guys last you had me wearing a Joker mask, that was pretty weird.

How do you stay in such modelly perfect shape? Exercise? Diet? Good genes? Or luck? Pretty much luck, I eat cake and hope I can get away with it!

Hey Amanita! Welcome to Elite, tell us a bit about yourself: Hey guys, thanks for having me! I'm a bambi-eyed dread doll who likes to smoke tree, get naked and surround myself in the beauty of nature.

How long have you been modelling? It's coming up to 5 years now.

What was it like to work with James on this shoot? I've worked with James a few times before, and he is just the cutest! Makes you feel SO comfortable and always provides a giggle!

What was your favourite part of the shoot? Post-shoot snuggles with James' pet bunnies!

What's your favourite part of your body and why? I like my cheekbones, because they help pay my rent.

On a scale of one to ten, how good looking are you? I think everyone is beautiful in their differences, and no sole woman could appeal to every man out there. It's really down to the individual and what they find attractive in a person.

If you could model for any brand, product or company, which would it be and why? 'For love and lemons', their lingerie is so beautiful it makes me want to cry.

You're hosting an Elite sponsored jelly wrestling competition. Which four celebrity combatants will you book and why? Rhi-rhi and Kate Bogucharskaia for the sex appeal, and I won't lie I'd love to see Kim K and Kanye get one banged.

What's your favourite song currently? I'm really liking 'Reaper Man' by Trevor Sensor right now.

PHOTOGRAPHER: LAUGHING ORC

What would you like Elite readers to take away from your pictures in our illustrious mag? It would be an honour to be able to boost even just one girl's confidence, I think everyone should learn to love their body! That would make me a very happy bunny! :)

Photographer: Laughing Orc

Describe your perfect photoshoot: I'd be all over a post-apocalyptic styled shoot in the middle of a desert, loaded with tanks, guns and girls.

How do you stay in such modelly perfect shape? Exercise? Diet? Good genes? Or luck? Pretty genes: a girls best friend.

Finally, is there anything you would like to say to the Elite Readers? Be most excellent to each other! (and if you get the reference: party on dude!!! ;))

CAT &

AEMELIA

Are Back!

Hi Cat, welcome to Elite!
How did you enjoy the shoot? Hey! Its the third time me and Aemelia have shot for Elite and everytime has been amazing! So much fun, shits and giggles!

What was it like to work with Tripodski on this shoot? I love him! He's a genius behind the camera and makes us laugh non stop! Just the nicest guy!

What was it like to work with Aemelia? Aemelia is one of my best friends, so it's always so much fun to shoot with that beautiful creature! We are probably to close at times... I know her like the back of my hand! Plus I'm the lucky one as I get to squeeze her boobs and bum the whole time and see her naked!

What's Aemelia's best feature? Her whole body is amazing! However if I have to name one thing it's gotta be those boobies!

What's your best feature? I have the cheesy smile going! It gets me out of trouble anyway!

What was the funniest thing to happen at the shoot? Well there has been lots of moments when shooting with Elite that have been hilarious! Apart from mine and Aemelia's knowledge on life and then the fact we are so guilable! Mills once wet herself laughing so much in my dress! Haha!

CAT B

**WHAT'S A
GUARANTEED TURN ON
FOR YOU? DOMINOS.**

Photographer: Tripodski

Outside of modelling, do you have any other passions? There's loads of things I like to do but the standard is socialising with friends and seeing the world!

So how can a guy impress you? Buy me a Dominos with a combo side!

Who has been your favourite model of 2015 so far? There are so many beauties out there right now, and many are my friends (I'm so lucky) but I'm going with Mills... my girl crush is definitely Bea Dux and again I've definitely felt those amazing boobs a few times and yes they feel as good as they look!

What is the naughtiest thing you've done? Me? I would never!

Beards - Yes or No? Yes but not Gandulf style though.

What's the worst idea you have ever had? Believe me I've had a few..... One of my worst has got to be finishing my shift at 4 o'clock on Christmas Eve with an hour to get 25 presents and running around town like a man woman! I did do it although I will never again!

Finally, is there anything you would like to say to the Elite readers? I love you all! Thanks for reading me ramble on! Enjoy the bums, boobs and all the hot ladies in the mag!

**CREEP STREET -
UNDERWEAR \$16.00**

Hi Aemelia, welcome to Elite!

How did you enjoy the shoot?

Hey! Thanks for having me again. It was the third time Cat and I came up, and always, we loved it. Literally laughed so hard I think it gave me abs.

What was it like to work with Tripodski on this shoot?

I love him! As always he's amazing, and such a good laugh. Always makes me feel great.

What was it like to work with Cat?

Cat is one of my best friends, so it was great fun to shoot with her, we're so comfortable around each other so it all just came naturally! She makes me laugh so much. Our geography is awful though, so some of our conversations are just bizarre.

What's Cat's best feature?

HER BUM! Oh my god her arse is so fat and amazing, I'm so jealous.

What's your best feature?

I like having a small waist and big hips.

What was the funniest thing to happen at the shoot?

Whenever we come up to shoot for Elite it's endless amounts of laughing, I couldn't say one thing specifically, although I did nearly (if not most definitely) wet myself from laughing at least once.

Outside of modelling, do you have any other passions?

I love travelling, I went for 9 months last year and miss it every day. I also work as a support worker, so my instinct is to care! I like helping others. Also, jaffa cakes. I am definitely passionate about jaffa cakes.

So how can a guy impress you?

Buy me McDonald's and let me always choose what TV to watch.

Who has been your favourite model of 2015 so far? There's so many hotties out there right now, but definitely Bea Dux. She's HOT.

What's the worst idea you have ever had? There are way, way too many to choose. However once I locked myself out of someones house in my underwear, at 4am, for two hours. Every time I would try and knock on the door, or press the bell, the light sensor would turn on so the whole street would see. Very embarrassing. Still no idea how it happened... (Alcohol).

What is the naughtiest thing you've done?

Nothing... I'm a saint.

Anything furry is okay with me.

Finally, is there anything you would like to say to the Elite readers?

I love you all! Thanks for reading my boring bollocks. I hope you like boobies xxx

Charlotte Something

Words: Richard Saunders | Photographer: Tripodski

Welcome back Charlotte, how are you?
I'm very well thanks. Busy busy busy.

Seriously though, we're so thrilled to have you in Elite Charlotte. Did you have fun shooting for us? I always have a blast shooting for Elite. You guys make it so much fun.

What is like to grace our cover for a record third time? Pretty incredible. It only seems like yesterday when I shot my first cover for you. Time flies.

You always seem so effortless on camera, having shot so much is it hard reinventing yourself for new features? I don't know. Never really thought about it.

It was clear from your last feature you have a great ass! Where does that come from? Do you have to work for it or is it just good jeans/genes? I'd say it's a mixture of both. I do a lot of squats too. I was really into my athletics in school, doing the 100m and 200m was my thing. So I guess that built up a good base for it.

What is the most British thing you do? I drink a lot of tea. I love tea.

You are without a doubt one of the coolest and nerdiest people we have met! Every time of the year seems exciting for you. You're always up to something. When is your chill time and what do you get up to? The weekends, when I'm not at a convention, are usually my chill out time. I'm in my final year of uni now so finding chill out time is becoming increasingly more difficult though.

You are a bit of a cosplay queen now. Where do you find the inspiration for it all and have you got a favourite cosplay? I find inspiration pretty much everywhere. I have a couple faves, I love my Ripley cosplay. It was amazing wearing it when I got to meet Sigourney Weaver. It was an incredible moment. I also love my new "Pin Up" BB8 cosplay. I wear skates with it so I can roll around. It's so much fun.

Being a fan of cosplay, are you looking forward to the new Star Wars film this month? And do you have a favourite Star Wars movie? Very much looking forward to the new Star Wars movie. Off to see it at midnight. And I have an outfit ready especially. I love the 3 original movies. I used to watch them a lot as a kid with my dad. People may slay me for this but I could never really get into the newer ones. Don't know why.

Okay, a little quick fire round now Charlotte, a madman with a loaded skunk's posterior breaks in a demands your choices between...

Star Wars and Star Trek? Star Wars, but I love them both really.

Ham or Cheese? Cheese

Twitter or Instagram? Twitter

Boobs or Bum? Bum

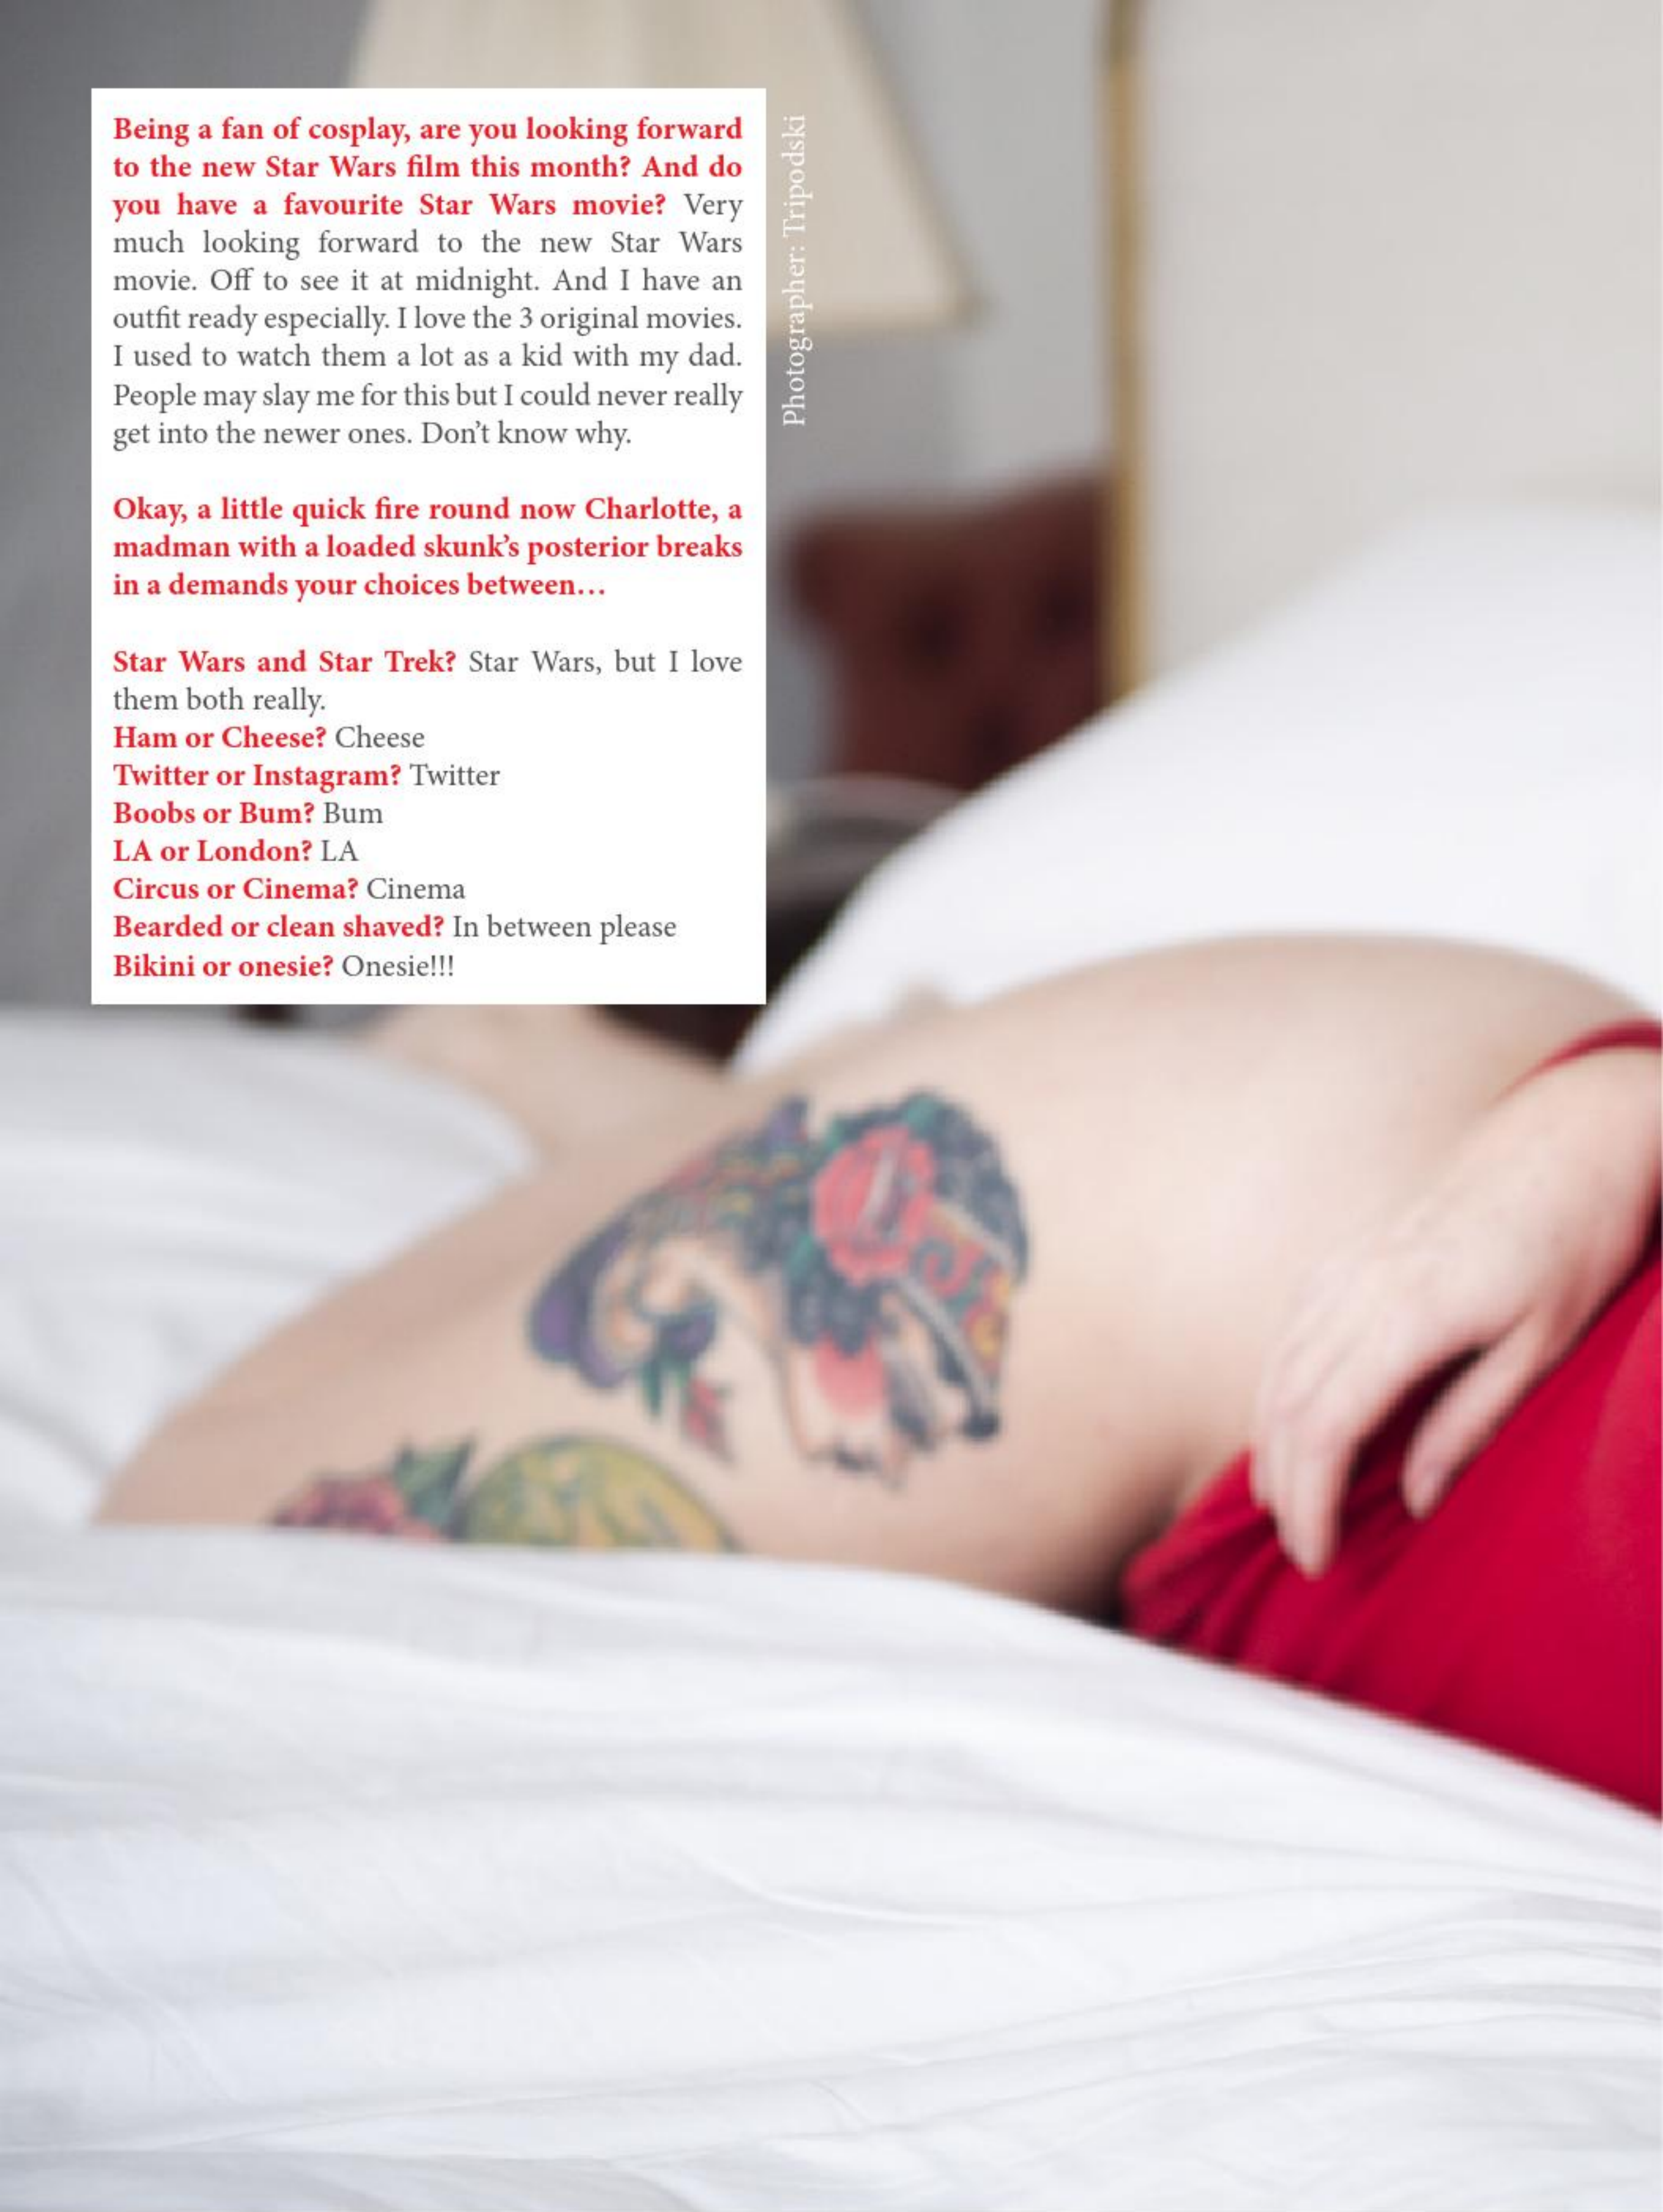

LA or London? LA

Circus or Cinema? Cinema

Bearded or clean shaved? In between please

Bikini or onesie? Onesie!!!

Photographer: Tripodski

Photographer: Tripodski

Something you do wear with aplomb is your incredible ink. You are starting to pull off quite a collection. What is your favourite piece?

I love all my tattoos. I think the lion on the inside of my arm is one I'm really fond of. Most of my tattoos are original. I tell my tattoo artist the idea and we work together to make it perfect.

One thing you are becoming well known for is your illustration and my are you good! What's next for Charlotte in this field?

Well I'm in my final year of uni now. For my final project I want to do a comic book. I'd absolutely love to work in this field, that would be the dream. I also have a character that I've created called Baldwin. He's an unfortunate Bear who likes to cosplay. There's loads more about

him on my website,
www.charlottesomething.com.

Someone once asked me to describe "awesome" in two words and I said Charlotte Something. You're a definite icon of awesome. Do you see yourself as an awesome person?

I don't know if I really consider myself to be awesome. I'm just me. I wouldn't be me without all the other awesome people in my life. So if people think I'm awesome then it's really thanks to all my awesome friends and family that I'm seen that way.

Photographer: Tripodski

SOFT KITTY LEGGINGS
£38.00

Inspiration is important to you, be it comics or books. What is inspiring you at the moment? At the moment I'm loving abandoned places. I went to a couple places a few months ago and they were fascinating. I'd like to do it more often.

Are you a homebird or someone that prefers a night on the town? I'm definitely more of a home bird these days. I much prefer having a few drinks in and watching a movie or having a TV series marathon than going out on the town.

It's been a pleasure Charlotte. What are you up to after this interview is done? More uni work, it's taking over my life.

Have you got a message for your masses of fans and our lovely Elite readers? Thank you all so much for checking out my shoot and interview. I hope you love it and may the force be with you.
